

Jatto Abdul.

Engineer. Entrepreneur.
Mentor. Author.

Grow without losing yourself.

Jatto Abdul is an engineer and entrepreneur who builds software, shares ideas, and mentors young people navigating career, character, and faith. A Muslim mentor and lifelong learner, he writes, speaks, and makes videos to help people pursue their ambitions without leaving their foundations behind.

For hosts and organizers

“Jatto Abdul is an engineer, entrepreneur, mentor, and author. He builds software and shares what he learns through writing, speaking, and mentoring, helping young people grow in career, character, and faith without losing themselves.”

Speaking and conversations

Career, character, faith and ambition

Starting before you feel ready

Making engineering impact visible

Building products from real problems

Selected work

Discova

Engineering reading and discovery.
